Hi!

Hope you are doing well! I wanted to put this on your radar—would you be able to contact the supervisor for this request or WPD directly? It's extremely dangerous to have this spill there so hoping this can be taken care of by the end of the day!

Best,

There was a traffic collision at the corner of Victory and Vineland in front of the Chevron Gas Station. After the vehicles were removed off the street, there is now a large puddle of oil in the gutter. Bill the owner of the gas station is concerned for the safety of other drivers. Can Street Services respond out for this?????
